

SOLAR iBOOST+

Changing the language on Solar iBoost+

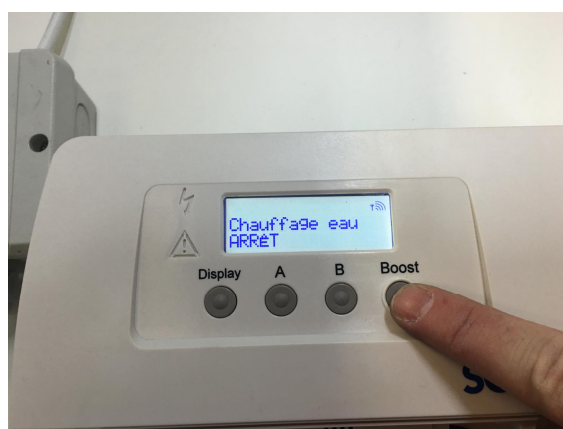

This document explains how the language setting on the Solar iBoost+ is changed as required or corrected where it has been accidentally changed.

The language cycle is as follows:

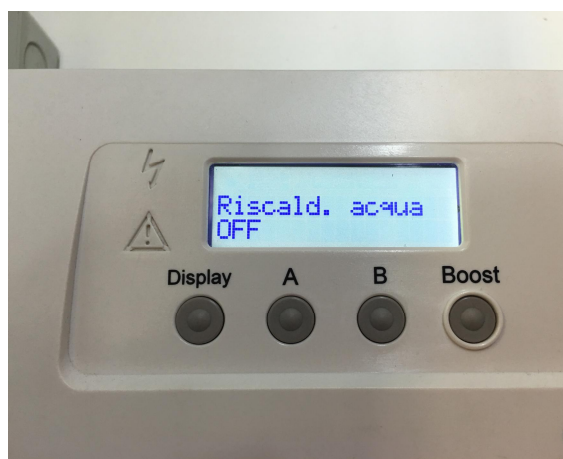

English French Italian Spanish Portuguese German English

Please follow these instructions in order to change the language settings on the Solar iBoost+.

1. Press any button on the Solar iBoost+ to initiate the backlight

2. Press and hold the BOOST button for 5 seconds and release.

3. The language will now have changed.

4. Repeat this until the language desired is reached.

5. Normal operation will resume and all settings and savings are retained in the memory.
